Istanbul City Tour Details

Visit the Topkapi Palace which was the official and primary residence in the city of the Ottoman Sultans for approximately 400 years (1465-1856). The Palace contains the Muslim holy relics of Muhammad's cloak and sword as well as a fabulous display of Ottoman treasure and jewelry, including the fourth largest diamond in the world featured in the famous 1965 film 'TopKapi'. From there continue to the unique Blue Mosque, so named for the blue tiles adorning the walls of its interior and known for its six minarets. Then on to the Roman Hippodrome Square and the Hagia Sophia, a former Orthodox Christian basilica, later a mosque, and now a museum. Famous for its massive dome, it is considered the epitome of Byzantine architecture and served as a model for many other Ottoman mosques. We end the tour with a visit to the world's famous Grand Bazaar with over 4,000 tiny shops.

Ankara City Tour Details

The city tour will start from the airport and will include both the ancient and the modern parts of the town. Among the highlights is the mausoleum of Mustafa Kemal Atatürk, founder of the Republic of Turkey. Completed in 1953, it is located on an imposing hill and constitutes an impressive fusion of ancient and modern architectural styles. To learn more about the history of Ankara we shall visit the Museum of Anatolian Civilizations. Situated at the entrance of Ankara Castle, it is an old 'bedesten' (covered bazaar) that has been beautifully restored and now houses a unique collection of

The building is unique because everything is perfectly symmetrical along the main axis and there were courts, halls, sanctuaries and rooms duplicated for two sets of gods.
