IMPORTANT INSTRUCTIONS TO MARKERS

1. Markers are required to work out the question paper before the marking guideline is discussed.

2. Accuracy errors are marked with a red pen (/). Accuracy errors include spelling errors, keying-in errors, omissions and repetitions. Uppercase, lowercase and letter spacing are marked as manipulation errors and not as accuracy errors. If 10 marks are allocated for accuracy but the candidate made 12 accuracy errors, he/she only loses 10 marks for accuracy and is still rewarded for the manipulation that was done correctly.

3. Manipulation errors are marked with a blue pen (X). ALL markings must be made on the PRINTOUT in the same position as indicated on the marking guideline. This will also aid with the moderation process. The marker writes the corresponding manipulation number in blue and makes a tick (correct) or X (error) next to the number.

4. The marks achieved for each question is written on the printout of each question in the following table format:

	A	M	T
Write the total possible mark on this line -			
Write the candidate's mark achieved on this line -			

5. The candidate's total mark is written on the cover of the EXAMINATION FOLDER next to the corresponding question number.

6. If a candidate handed in a printout, but achieved 0 for the question, then 0 (zero) is written on the cover next to the corresponding question number.

7. If a candidate did not hand in a printout, a line is drawn through the block next to the corresponding question number.

8. If a candidate handed in a printout without an EXAMINATION NUMBER and a WATERMARK, the question must be marked and reported as an irregularity.

9. All irregularities are marked and marks are transferred to the cover page. The word IRREGULARITY is written next to the percentage and an irregularity report is completed.

HEAIDS STUDENT DIALOGUES ON SEXUAL AND GENDER-BASED VIOLENCE

8 – Heading double underline✓

6 – Size 18✓

HEAIDS student dialogues on sexual and gender-based violence are an initiative of the Department of Higher Education and Training. The initiative is aimed at championing the department's new plans designed to address the high incidences of rape and gender-based violence at universities and TVET colleges.

The initiative forms part of the department's newly introduced strategies that seek to strengthen and deepen HIV/AIDS prevention and support and other initiatives to deal with risks to the students' health within these institutions. These risks include alcohol and drug abuse, which have been found to exacerbate violence against female students. This in turn exposes them to sexual transmitted infections such as HIV/AIDS and syphilis.

9 – Fully justify✓

All students are therefore urged to familiarise themselves with this initiative by reading HEAIDS booklets and flyers found at the offices of the Student Support Services (SSS).

1. QUESTION 2✓

HEAIDS STUDENT DIALOGUES ON SEXUAL AND GENDER-BASED VIOLENCE

HEAIDS student dialogues on sexual and gender-based violence are an initiative of the Department of Higher Education and Training. The initiative is aimed at championing the department's new plans designed to address the high incidences of rape and gender-based violence at universities and TVET colleges.

The initiative forms part of the department's newly introduced strategies that seek to strengthen and deepen HIV/AIDS prevention and support and other initiatives to deal with risks to the students' health within these institutions. These risks include alcohol and drug abuse, which have been found to exacerbate violence against female students. This in turn exposes them to sexual transmitted infections such as HIV/AIDS and syphilis.

All students are therefore urged to familiarise themselves with this initiative by reading HEAIDS booklets and flyers found at the offices of the Student Support Services (SSS).

3. Page break inserted✓

Benefits of participating in HEAIDS student dialogues

The HEAIDS dialogues will help you distinguish between myths and facts about HIV/AIDS as shown below:

MYTHS	FACTS
I. I can tell if my partner is HIV positive	a) One cannot tell of another person's HIV status by looking at the person
II. Being HIV positive means my life is over	b) HIV positive people can live long and healthy lives
III. HIV is a homosexual disease	c) Anyone can be infected with the virus despite their sexual orientation
IV. Sleeping with a minor will cure me of HIV	d) There is currently no cure for HIV

Beat the HIV virus in our lifetime, join the revolution!

4. New heading in Cooper Black✓

5. New heading in size 14✓
